News and Comment

No wonder men can't agree as to who started the war. Men contended in little things. The Indians were men, men eat a milk diet is harmful, while others say it is best thing a man can do for his stomachs sake. Another man claims they best way is the proper thing for a bad stomach, while still another man suggests raw meat. Mr. James Sawyer, a British physician, who is telling how to live a hundred years, denounces the milk diet. His rules for living to be 100 years are as follows: Eight hours sleep every night. Sleep on your right side. Keep your bedroom window open. Have a mat at your bedroom door. Keep your bed away from the wall. No cold bath in the morning, but a bath at the temperature of the body. Exercise before breakfast. Eat little meat, and because it is well cooked. Drink no milk. Eat plenty of fat to feed the cells which destroy disease germs. Avoid narcotics, which destroy the cells that combat disease. Know no pet animals in your living room. For they carry disease germs. Live in the country if you can. Watch the three. Drink plenty of water and drink. Have change of occupation. Take frequent and short vacations. Limit your ambitions. Keep your temper.

Official German news reports give the number of prisoners of war now held in Germany at 281,000. This is an increase of 20,000 in the last 2 months. At that rate, Germany will be holding a million and a half of her enemies by the end of September.

According to British estimates, Germany cannot be defeated by a blockade, but her military operations can be impeded by destroying her of copper and other materials used to make the nations' weapons, uniforms, and ammunition. Germany has 1,000,000 men in the United Kingdom and has 200,000 men or 1 for every 5 inhabitants. Germany's stock of wheat and the 16,000,000 acres of the harvest are not in the weapon this year. The British government has the task in store to accomplish of winning in spite of all the care about the blockade.

Oklahoma people are fond of telling how the town of Tulsa, our state, came to have its poetic name.
